

Optimised washing with load-sensing technology

The 600 SensiCare Washing Machine detects load size, adjusting time, water and energy for each individual load, from one kilo to a full load.

Product Benefits & Features

SensiCare - save up to 30% of time, water and energy with load-sensing technology*

SensiCare is a load-sensing technology that detects load size and adjusts the programme in order to save up to 30% of time, water and energy per load.* This ensures precise and tailored washing for every garment.

Reduce washing time with Time Manager®

Don't wash longer than you need to. Wash your clothes with the adjustable 4-step Time Manager® feature and finish washing cycles in less time.

*Based on internal test of time, water and energy consumption of a 1kg load compared to max load in Cotton cycle 30°C using SensiCare which adjusts the programme based on load size.

Steam Hygiene Programme removes 99,99% of bacteria and viruses*

The Steam Hygiene Programme, certified by Swisstest, combines a wash cycle and steam to remove more than 99,99% of bacteria and viruses* above 60°C. Pollen and allergens are also reduced for hygienically clean clothes after every wash.

Rapid washing, for quick results

The Rapid programme lets you quick-wash your clothes for light cleaning. Take care of 1,5kg of laundry in just 14 minutes.

* Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstest Testmaterialien AG in 2021 (Test Report No. 202120117)

Inverter Motor+ is energy efficient and durable

The Inverter Motor+ is more energy efficient than standard Inverter motors thanks to the permanent magnet motor technology.

- Inverter+ Motor
- Soft Drum
- Anti-foam rinse system
- Anti-flood protection
- Woolmark Blue
- Silk program designed specifically for silk with gentle wash and adapted spin cycle
- Washing programs: Cottons, Synthetics, Delicates, Wool, Rapid 14Min, Rinse, Spin/Drain, Jeans, Sport, Silk, Duvet, Outdoor, Hygiene, Eco 40-60
- Program card languages: Danish, Finnish, Norwegian, Swedish
