

#### Quick temperature recovery, for full food protection

The 500 ColdSense Fridge Freezer quickly returns to the correct temperature after door opening and closing, thanks to precise electronic sensors. This helps prevent temperature shocks and food spoilage for total food protection.

### Product Benefits & Features

#### ColdSense protects food by quickly restablising the temperature

ColdSense uses precise temperature sensors to quickly return the Fridge Freezer to the right temperature after door opening and closing. This helps prevent temperature shocks and food spoilage for total food protection.

#### Less freezer maintenance, with LowFrost

The integrated LowFrost system maintains your freezer's temperature to help prevent the build-up of frost. For better performance and less maintenance.

#### Choose fridge settings with Electronic Control

Electronic Controls give you the ability to adjust the settings and internal temperature of the fridge.

#### Maintain perfect texture with FastFreeze

The FastFreeze system freezes fresh foods quickly so that vitamins, textures, flavours, and all healthy qualities are better preserved.

#### Reliable shelves with safety glass

Strong shelves inside the fridge is made of safety glass, renowned for its durability. And if there are any accidental spillages, it can easily be cleaned up with a damp cloth.

- Automatic defrosting of the cooling compartment
- Freezer drawers: 2 Full Width+1 Half Depth, Transparent Plast
- LowFrost technology
- Glass shelves in the freezer
- Refrigerator lighting: Integrated To Controls
